**Heritage Open Afternoon
Sunday 11th September 12 noon to 5pm**

The overall theme of this year's National Open Day is 'Astounding Inventions' and we will be celebrating the Pipe organ. Nigel, our Church organist, and Mark our Organ builder and repairer will be with us.

Come along to see how the Church organ works, maybe 'have a go' under supervision and hear it being played. There will also be crafts for the children and refreshments available. It should be a really interesting afternoon so please do come along.

If anyone would like to do a little baking for the afternoon tea, or help on the day, it would be very welcome. Thank you.

**Extra meeting
Thursday 8th September 2pm
A visit to the Stillingfleet pumping station**

This is being kindly organised for us by Nathan of The Ouse and Derwent Drainage Board, who came to talk to us earlier in the year about the floods and the provisions put in place to keep the village safe.

The visit is free, but pre-booking is essential. If you would like to come along please could you let Caroline know as soon as possible, and definitely by Sunday 4th September.

Thank you.

**'The Gunpowder Plot' meeting
Wednesday October 5th 7.30pm
by Eric Jackson.**

'Remember remember the 5th of November, gunpowder treason and plot' — but what do we really know about the events of 1605 that created our modern bonfire night celebrations?

All welcome to come along to find out more!

Graveyard plan on the website.

Roger is working his way through the graveyard plan and adding photographs of the graves.

From feedback we know that this will be particularly welcome to people researching their family trees who can't easily visit the Churchyard.

Roger has so far covered the surnames starting with A and B.... and is gradually working through the alphabet. He says it will take a while but he will get there!

Here is a link to the graveyard plan on the website.... Graveyard Plan:
