

Isn't it lovely to see the sunshine, the snow drops coming through  
and the days getting longer....

Spring is hopefully just around the corner!

**Graveyard plan**

Roger is pleased to report that he has added photos of the gravestones for the surnames beginning with A to E. It is time consuming but a great resource for everyone researching their family trees, especially those who can't travel to the village. Thank you Roger. Here is a link to the Graveyard plan on our website.... [Graveyard Plan – Escrick Heritage](#)

If you would like any help looking at the Graveyard plan, please do chat to Roger at our next Heritage Hub afternoon.
