Roseanne Johnston District Nurse 1936 to 1938

A few months ago Mike Jones got in touch through the Heritage website. His mother, Rosanne Johnston had been the District nurse between 1936 and 1938 and he offered to share with us her book recording the births she attended.

Mike and his twin brother Phil visited last month and brought with them the book which we have scanned.

Roseanne lodged with the Coulson family at the Saddlers and was paid the grand sum of £100 per annum. It was a pleasure to meet Mike and Phil and show them where their mother lodged and spent happy years in Escrick.

Early Image of Escrick Church

Geoffrey has kindly shared with us a fantastic early image of the Church. As you will see it was before the war memorial was erected, the Churchyard wall built, but the vestry had been added.

Over the next few weeks we will be working on trying to date the photograph by looking at the dates of the visible gravestones.

Thank you Geoffrey for sharing.

We look forward to seeing you very soon
