Oral histories

Pre-Covid we were making great progress meeting with people to record their memories of days gone by.

We have all the appropriate recording equipment and we would love to restart , so we have first-hand records of our local social history for future generations.

If you would be happy to get involved, either by 'recording ' or by sharing your memories, please do let Caroline know and we provide a little more information.

Community Archive

Roger is almost now up to date putting all the photo's you have shared on the website, and over the winter we will be looking to see if there are any other snippets to add. If you find anything you would like to share for the Heritage Community Archive please do let us know and we will arrange to meet up with the scanner at the ready! Thank you.
